

### IMPORTANT SAFETY RECALL NOTICE

Dear Costco Member,

Costco records indicate you purchased ION Cornerstone Glow Speakers between 4/23/18-10/28/18. On behalf of Ion Audio, I am writing to advise you that we recently identified a potential **safety concern** with our Cornerstone Glow speakers. We have learned that hydrogen gas can leak from the portable speaker battery when charging and the speaker can burst, posing an explosion hazard. Out of an abundance of caution we have contacted The Consumer Product Safety Commission (CPSC) to alert them to this issue and have decided to implement a recall on Cornerstone Glow speaker products.

Please return your unit to your local Costco warehouse for a full refund.

#### ION Customer Support:

1-833-682-0371

Or contact us via Chat or through the Email form at [www.ionaudio.com/support](http://www.ionaudio.com/support)

We sincerely apologize for any convenience this may have caused. If you have additional product questions or feedback regarding your experience, we welcome your comments.

Sincerely,

Chris Sullivan

Managing Director
